STANLEY® KNIVES DELIVER A RELIABLE, SHARP CUT EVERY TIME.

KNIFE RANGE
ACHIEVING OUTSTANDING PERFORMANCE WITH STANLEY TOOLS

A BRAND YOU CAN TRUST

For over a century, we have built a legacy by producing some of the most well known hand tools and storage products in the world, all to help you build a legacy of your own. It is this rich history of innovation that has made STANLEY® a trusted name and industry pioneer.

In 1843, STANLEY® started to manufacture bolts, hinges, and other hardware by using wrought iron. By merging superior quality materials, constant innovation, and rigorous operational improvements, STANLEY® defined excellence until today, is trusted by professionals on job sites around the globe.

FULL RANGE OF PRODUCTS FOR ALL PROFESSIONALS

STANLEY® provides a broad range of over 2,000 products in all tool categories. No matter what car you drive, what stores you shop at, or what building you work in, you can bet that we deliver the tools and solutions that you can count on, and you can be sure that we will keep making them better.

QUALITY THAT EXCEEDS STANDARDS

Most of the products produced by STANLEY® exceed government and industry standards such as ASME/ANSI, ISO and DIN. We push ourselves every day to deliver tough, strong, and reliable hand tools. We have state-of-the-art test facilities that cover solvent resistance and drop testing to ensure that our products meet critical standards. In each product category, we also perform specific performance and life tests to ensure product durability and quality.
STANLEY® MANUFACTURED ITS FIRST UTILITY KNIFE BACK IN 1936, AND IT DIDN’T TAKE LONG FOR THE WORLD TO TAKE NOTICE.

Compact, rugged, comfortable to hold and armed with a razor-sharp blade, the STANLEY® knife quickly became an indispensable cutting tool for a wider variety of tradesmen, fabricators and installers.

CLASSIC 99 RETRACTABLE KNIFE
10-099

STANLEY CLASSIC 99 RETRACTABLE UTILITY KNIFE WON POPULAR MECHANICS 2021 TOOL AWARD.

- STORES UP TO 10 BLADES: convenient & safe blade storage
- STRONG AND LIGHTWEIGHT DIE-CAST: metal body, ergonomically shaped for a comfortable grip
- INTERLOCKING NOSE: design greatly improves safety by securing the blade firmly in place, preventing nose spread and body separation that might otherwise cause blades to break-loose and cause injury
- LANYARD HANG HOLE: for easy transportation and storage
